**Inclusion of Ganga-Kaveri Project in the Seventh Plan**

2546. SHRI PRATAPRAO B. BHOSLE : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether any primary discussion has taken place to include the Ganga-Kaveri Project in the Seventh Plan; and

(b) if so, has the draft of the plan been prepared and which department is working on this project ?

THE MINISTER OF IRRIGATION AND POWER (SHRI B. SANKARANAND) : (a) No, Sir. The Ganga-Cauveri Project considered earlier was found to be uneconomical and therefore was not pursued.

(b) Does not arise

**Efforts to bring Back Doctors and Specilists who have Migrated to other Countries**

2547. SHRI MURTI BEORA : Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state :

(a) whether Government are making any special efforts to bring back the large number of doctors and specialist who have migrated to other countries for lack of opportunities, advancement or research facilities etc ; and

(b) how much, in terms of costs, the country loses by way of such emigration each year ?

THE MINISTER OF STATE IN THE DEPARTMENT OF HEALTH (SHRI YOGENDRA MAKWANA) : (a) and (b) : Migration of Medical Manpower is a complex phenomena resulting from a variety of factors. Since Indian Doctors so abroad for employment through various sources including those serving in the States or in the private sectors, the number of such doctors working in the foreign countries and the loss the country suffers by way of such emigration each year, in terms of costs, is not available with the Government of India. The Government of India have taken the following steps to attract the Doctors who have migrated to foreign countries and discourage the migration of medical manpower to foreign countries :—

(i) restrictions have been placed on medical graduates going abroad for higher education and training where such training facilities exist in the country. Doctors belonging to scarce categories are not sponsored for employment abroad.

(ii) Advance increments are granted to specially qualified candidates on the recommendations of the State and Central Public Service Commission.

(iii) Improvements in the service conditions of doctor, particularly those serving in the rural areas are being brought about by the State and U.T. Governments.
