

TRANSPORT (SHRI Z. R. ANSARI) :
(a) and (b) : The level of cargo handling and capacity utilisation of all the major ports, has been assessed by the Working Group on VII Plan.

(c) No, Sir.

(d) Does not arise.

(e) The capacity for handling iron ore at the ports of Paradip, Madras, Mormugao and Visakhapatnam are under-utilised because of the general recession in export market for iron ore. Government are making efforts to promote the export of iron ore. The capacity at the docks in Calcutta is under-utilised due to fall in traffic and in order to offset this to the extent possible, Government have sanctioned a scheme for installation of modern container handling facilities at Calcutta. The capacity utilisation in other ports has been found to be generally satisfactory.
