

19. The CVR should record all the conservation and sounds in the cockpit for the entire duration of the flight, and not merely for the last 30 minutes.
20. The CVR and the DFDR should be powered from two alternative sources of energy.
21. The oxygen for the flight crew should be supplied from two different sources i.e. in the event of an emergency the pilot and the co-pilot must don the oxygen mask and the oxygen must be supplied from different source.
22. Suitable provisions should be incorporated in Annex 13 which would give power to an Investigator to record evidence outside the country of investigation and also to summon witness from abroad. It should also be mandatory on the contracting States to give information sought for by an Investigator.
