#### Harmful Effect of Mica Bits in gulal

1774. SHRI KAMLA PRASAD SINGH : Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state :

(a) whether the National Society for Prevention of Blindness has held that the small mica bits used in gulal smeared on the face may cause cornea injury if it gets into the eyes;

(b) if so, the details of steps taken to check the use of mica bits in gulal;

(c) whether the gulal sold on the eve of Holi is generally adulterated with foreign materials; and

(f) if so, the details of steps taken to check the same ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (KUMARI SAROJ KHAPARDE) : (a) Yes, Sir. Any foreign material entering the eye particularly large particulate material results in serious injury to the cornea. The chemical effect of the extraneous agents can produce severe lesions which can endanger eye sight.

(b) Health Education in this regard is being given not only to avoid injury due to all types of injuries to the eye (Physical, chemical, mechanical and others.

(c) No specific study has been conducted in this regard.

(d) Does not arise.
