

(d) Following are the steps taken for effective control of Malaria :

- Early detection and prompt treatment:
- Vector Control through effective use of insecticides to interrupt transmission:
- Anti-larval measures to eliminate mosquito breeding through source reduction, application of larvicides and adoption of bio-environmental approaches:
- Intensification of Health Education activities to create awareness among the people to prevent Malaria:
- Experimenting with new insecticides in multiple resistant areas on a pilot basis.

Suspension Bridge Over Dawki River

1299. SHRI G.G. SWELL : Will the Minister of SURFACE TRANSPORT be pleased to state :

(a) whether a suspension bridge spanning Dawki river, on the Shillong-Dawki highways, has broken down leading to the suspension of traffic over it;

(b) whether this has affected transfer of coal to Bangladesh through that highway;

(c) if so, the details thereof; and

(d) whether the Government propose to repair the existing bridge or to build a new concrete bridge so as to restore the vital international road link?

THE MINISTER OF SURFACE TRANSPORT (SHRI T.G. VENKATRAMAN) : (a) Recently a wind tie of this bridge, which had snapped, has since been repaired. However, as a precautionary measure, some load restrictions have been imposed on the movement of loaded vehicles.

(b) and (c). Transfer of coal to Bangladesh through Shillong-Dawki highway is reported to have been slightly affected. However, to cater to Indo-Bangladesh trade, an alternative route via NH-44 upto Jowai and, thereafter, upto Dawki, without crossing the river, is already available.

(d) Efforts are under way to rehabilitate this bridge to its original load capacity. Construction of a new concrete bridge, at a suitable site nearby, will need detailed investigations and be subject to the adequacy of funds therefor.

Funds under CRF

1300. SHRI SONTOSH MOHAN DEV : Will the Minister of SURFACE TRANSPORT be pleased to state :

(a) whether the Government have approved an expenditure for construction of three roads under CRF schemes by its letter dated January 17, 1995;

(b) if so, the details thereof;
