

would have been built by the Co-operative Housing Societies upto the 30th June, 1976.

(c) A statement is enclosed.

(d) and (e). Due to the constraint of resources and low priority accorded to housing in the planning process, it has not been possible to draw a phased and time bound programme for solving the problem of housing in the country.

Statement

Low cost housing gets priority in policies and programmes of Housing and Urban Development Corporation, State Housing Boards etc. The various housing schemes introduced by this Ministry provide for financial assistance on easy terms for low cost housing.

2. To promote low cost housing, research and investigation for reduction in building cost has been stepped up in the country. New techniques and materials have been developed to achieve substantial reduction in building cost. Research findings in the field of low cost housing are being disseminated to the various executing agencies through a series of measures including symposia, get-together seminars, workshops, publications, putting up of demonstration houses and exhibition of low cost housing. The experimental Housing Scheme of the National Buildings Organisation provides financial assistance upto 100 per cent of the cost of experimental items of construction if the project incorporates new techniques and methods of construction. Rural Housing Wings of the National Buildings Organisation, located in the various regions of the country are also engaged in research and training work in the field of rural housing. They have put up clusters of demonstration low cost rural houses. The emphasis is on the utilisation of local building materials and minimising the use of scarce and costly materials.
