Employment Opportunities

2349. SHRI SANTOSH KUMAR GANGWAR: WIII the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to state :

- (a) the number of new employment opportunities envisaged to be created during 1993-94 and 1994-95 under the new economic policy and actual number of employment creatd during this period;
- (b) whether these figures match with the projections; and
- (c) if not, the steps being taken to achieve the target in this regard?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION AND MINISTER OF STATE OF THE MINISTRY OF SCIENCE AND TECHNOLOGY (SHRI YOGINDER K. ALAGH): (a) to (c). The employment strategy of the eighth Plan envisaged creation of additional employment opportunities of the order of 8.5 million per annum, on an average, through faster growth or sectors and subsectors with high employment intensity.

Estimates of employment and unemployment are made on the basis of the quinquennial surveys on employment and unemployment conducted by NSSO. The latest survey relates to the year 1993-94 and estimates based on this are yet to be finalised. Annual estimates for the years between successive quinquennial surveys and projection for 1994-95 have been made on the basis of certain forecasting methodology. However, it is felt that, while useful for forecasting, these estimates are not sufficiently reliable for assessing the actual progress in employment generation for a past period.
