THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING AND IN THE DEPARTMENT OF PARLIAMENTARY AFFAIRS (SHRI MALLIKARJUN):

(a) A statement giving list showing the names of 146 languages/dialects including tribal dialects in which programmes are broadcast by the AIR Stations is attached.

(b) to (d) As per policy, AIR Stations broadcast programmes in those languages other than the main language of the Station when the number of people speaking such languages is more than 5% of the population in the service area. These programmes are arranged in order to provide an outlet for the cultural and linguistic expression in such languages. The duration for such programmes varies from Station to Station as per actual programme needs and is not rigidly fixed. Consistent with the justifiable need for more programmes and the over-all programme time available, the duration for such programmes is also increased wherever necessary but there is no rigid formula for this purpose.

(e) Does not arise.
