Colour T.V. sets made in the name of foreign technology

3917. SHRI BHEEKHABHAI : Will the PRIME MINISTER be pleased to state :

(a) whether Government are aware of some sale advertisements relating to Colour T.V. sets published in various papers ;

(b) if so, whether Government have noted with care that foreign technology is entering under Indian firm names ; and

(c) if so, the information so far collected by Government ?

THE DEPUTY MINISTER IN THE DEPARTMENT OF ELECTRONICS AND IN THE MINISTRY OF FOOD AND CIVIL SUPPLIES (SHRI M.S. SANJEEVI RAO) : (a) to (c). Yes, Sir. Various advertisements appear in newspapers either directly by foreign manufacturers "for information", or by our manufacturers claiming that their technicians are trained

by foreign manufacturers. One unit has advertised use of components, imported from a particular foreign company and service being provided by foreign trained TV technicians and two units have advertised that servicing of their CTV sets would be provided by foreign trained technicians. The Industrial and Licensing Policy of Government for Colour TV receivers clearly stipulates that foreign equity, foreign technology and use of foreign brand names would not be permitted in this industry.
