(c) what performance/traits and norms against which each being compared Review Committee/Workshops used to productivity decreased; and

(d) how long Government propose to continue Indian Council of Agricultural Research support to Hissar centre ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE : (SHRI YOGENDRA MAKWANA) : (a) The number of cows in milk genetic-group-wise and year-wise from 1977-78 1983-84 are given in statement-I. Correspondingly genetic-group-wise, year-wise, milk produced upto 1982-83 to is given in statement II. The figures in respect of milk produced for 1983-84 and sale price of milk year-wise is being collected and will be placed on the Table of the House in due course.

(b) The sanctioned total annual amount payable by the Indian Council of Agricultural Research and released by the Council and the corresponding sanctioned amount for non-recurring items is given in statement-III.

(c) The Mid-Term Review Committee used the following criteria for judging the performance of the Unit :—

- (1) Generation of cross-bred animals in various genetic groups, the examination of reasons for shortfall, if any.
- (2) Recording of performance.
- (3) Attainment of targeted production.
- (4) Mortality and diseases incidence.

The Mid-term Appraisal Committee had found the overall performance of the Unit to be satisfactory, although it had problems in acquiring the requisite number of foundation female stock and

though there was delay in generation of requisite number of animals in different genetic groups. Production levels in different years would not be comparable in the light of the genetic group composition.

(d) The project currently is sanctioned upto the end of the Sixth Plan period.
