

production of most consumption items; and

(b) if so, the outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) and (b). A number of items of mass consumption are already being produced by small industries including handloom cloth, processed cereals and pulses gur and khandsari, oil, footwear, matches, hurricane lanterns, soap, bicycles etc. One of the main objectives envisaged in the draft Fifth Five Year Plan is to step up further production of such commodities.

#### Industries in North Eastern Region

8058 SHRI S. N. SINGH DEO: Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state:

(a) the name of the firms which have not gone ahead with the licences

to establish the industry in North Eastern Region States; and

(b) the number of new industries that have come up during the last three years in these States with their location and capacity?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). During 1971 to 1973, twenty-six industrial licences were issued to units in the North Eastern region. Of these, nineteen were for the establishment of new industrial undertakings. The details of the location, item of manufacture and licensed capacity in respect of these nineteen licences, are indicated in the attached Statement.

The setting up of a new undertaking normally takes about three to four years after the issue of an industrial licence. It is, therefore, premature to expect that new undertakings in respect of which industrial licences have issued during the last three years would have fructified into actual production. These licences are, therefore, at various stages of implementation.

#### Statement

Location of Industrial Unit	Item of manufacture	Annual capacity approved.
1971		
1. Assam	Menthanel	7,000 tonnes
	Formalin	12,000 tonnes
	U. F. Glue	12,000 tonnes
	U. F. Moulding Powder	1,000 tonnes
	P. V. C. Processed food	6,000 tonnes
	Non-concentrated Glue	12,000 tonnes
	Concentrated Glue	12,000 tonnes
2. Assam	Vanaspoti	50 tonnes per diem
3. Goalpara or Cachar	Vanaspoti	50 tonnes per diem

Location of Industrial Unit	Item of manufacture	Annual capacity approved
1972		
4. Dibrugarh Distt.	Wheat Products	27,000 tonnes
5. Goalpara Distt.	Malt Extract	2,100 tonnes
6. Karimganj Distt.	1. Commercial & Decorative Plywood.	29,000 sq. meters
	2. Teak Veneers	357,000 sq. meters
7. Goalpara Distt.	Wheat Products	15,000 tonnes
8. Silchar District	Wheat Products	15,000 tonnes
9. Cochar District	Sugar	1,250 tonnes per diem.
10. Agartala, Tripura	Wheat products	30,000 tonnes
11. Dimapur, Nagaland	Wheat products	30,000 tonnes
12. Goalpara District	1. Caustic Soda	7,700 tonnes
	2. Chlorine	6,780 tonnes
	3. Hydrochloric Acid	1,650 tonnes
13. Shillong, Meghalaya	Wheat products	30,000 tonnes
14. Dibrugarh, Assam	Wheat products	30,000 tonnes
15. Agartala, Tripura	Wheat products	9,000 tonnes
1973		
16. Imphal, Manipur	Cotton Yarn	25,520 spindles
17. Dhubri, Assam	Wheat products	36,000 tonnes
18. Gauripur, Assam	Wheat products	15,000 tonnes
29. Bongaigaon, Assam	1. Naptha for Petrochemicals.	44,500 tonnes
	2. S. R. Naptha	87,800 tonnes
	3. Mixed Naptha	58,000 tonnes

Foreign Collaboration Schemes in West Bengal 74, year-wise with capacity, capital layout and the location?
