

भत्ते (दैनिक ग्रथवा मासिक) दिये जाते हैं ;

(ख) उन पदों पर कितने कर्मचारी भूतपूर्व वैज्ञानिक अनुसंधान तथा सांस्कृतिक कार्य मंत्रालय के कर्मचारियों सहित, लगातार तीन वर्षों से काम कर रहे हैं और उनको तीन वर्षों से अधिक समय तक कार्य करते रहने की अनुमति देने के क्या कारण हैं ;

(ग) गत पांच वर्षों में कितने व्यक्तियों को इन पदों से बदला गया ; और

(घ) इसके क्या कारण हैं ?

शिक्षा मंत्री (श्री मु० क० चागला) :

(क) पांच ।

(ख) एक । सरकारी काम की कुशल व्यवस्था के हित में ।

(ग) सोलह ।

(घ) सामान्य बदलियां तथा तैनाती (नियुक्तियां) इयुटियों के परित्रमण में आती हैं अथवा संबंधित व्यक्तियों के अनुरोधों पर ।

Use of Gas in Assam

4546. **Shri R. Barua:** Will the Minister of **Petroleum and Chemicals** be pleased to state:

(a) whether the entire gas in Namrup and other places of Assam is profitably put to use; and

(b) if not, how much annual loss is incurred in burning out the gas?

The Minister of Petroleum and Chemicals (Shri Alagesan): (a) During 1965, Oil India Limited produced about 389 million cubic metres of gas of which 35 million cubic metres were utilised for field purposes, 110 million cubic metres sold to the Assam Oil Company Limited, Assam State Electricity Board, Tingri Gas Grid and Brick Kilns and the remaining quan-

tity was flared or returned to reservoir. Oil India Limited has undertaken to supply a little over 1 million cubic metres of gas per day to the Assam State Electricity Board, Assam Oil Company Limited, Fertilizer Corporation of India, Tingri gas grid and brick kilns when these projects are in a position to take the full requirements.

During 1965, the Assam Oil Company Limited produced 63 million cubic metres of gas which was utilised by the company for field purposes and domestic consumption.

(b) As there was no demand for the balance of the gas produced by Oil India Limited, the question of loss does not arise.

Oil Deposits in U.P.

4547. **Shri Rajdeo Singh:**
Shri Balkrishna Singh:
Shri Vishram Prasad:
Shri Raghunath Singh:

Will the Minister of **Petroleum and Chemicals** be pleased to state:

(a) whether it is a fact that oil has been found in Jaunpur district in Uttar Pradesh; and

(b) if so, the details thereof?

The Minister of Petroleum and Chemicals (Shri Alagesan): (a) No.

(b) Does not arise.

बेरोजगारी बीमा योजना

4548. **श्री प्रकाशवीर शास्त्री:**
श्री हुकुम खन्द कछवाय:
श्री श्रींकार लाल बेरवा:
श्री बड़े:

क्या भ्रम, रोजगार तथा पुनर्वासि मंत्री 9 मार्च, 1966 के तारांकित प्रश्न संख्या

420 के उत्तर के संबंध में यह बताने की कृपा करें कि :

(क) क्या स्थायी श्रम समिति ने बेरोजगारी बीमा योजना संबंधी प्रारूप योजना को प्रन्तिम रूप दे दिया है ; और

(ख) यदि नहीं, तो इसके क्या कारण हैं ?

श्रम, रोजगार और पुनर्वास मंत्री (श्री जगजीवन राम) : (क) जी, नहीं।

(ख) मार्च, 1966 से अब तक स्थायी श्रम समिति या भारतीय श्रम सम्मेलन की कोई बैठक नहीं हुई।

Commercial utilisation of Research Work

4549. **Shri Firodia:** Will the Minister of Education be pleased to state:

(a) whether it is a fact that the commercial utilisation of the research work done in the country's laboratories is not satisfactory;

(b) if so, the main reasons therefor; and

(c) the steps taken by Government for better commercial utilisation thereof?

The Minister of Education (Shri M. C. Chagla): (a) to (c). It is not correct to characterize the state of utilization of research work done in the national laboratories as "not satisfactory". Utilization of research is a continuing process and depends upon the state of industrial development relations in regard to foreign collaboration and several other economic, technological and international factors. The utilization of research work done by national laboratories received a considerable impetus as a result of the recent policies directed towards self-reliance in the field of industrial development. The position is not unsatisfactory though it can always be improved upon.

Steps taken for the better utilization of the results of research in the national laboratories include the following:—

1. Efforts are being made to interest the industry in the research projects of the national laboratories from the beginning and the industry is encouraged to sponsor research in the national laboratories.
2. The Council of Scientific and Industrial Research has set up a Technical Information Centre at Bombay in participation with the Indian Chemical Manufacturers Association to identify the problems faced by the industry, refer them to the national laboratories in the field and feed back the results of research for utilization by the industry.
3. Efforts are being made to set up Technical Information Centres for other industries also. The C.S.I.R. has approved the setting up of a Centre for the Instruments Industry.
4. With a view to bringing research and industry closer, a get-together of research and industry was organised during December last. The get-together has identified some 237 national research projects of high priority, and has also recommended some research and development policies. Action to implement these recommendations has been initiated.
5. The C.S.I.R. is giving every encouragement to the movement of Cooperative Research Associations. In addition to strengthening support to the already established Cooperative Research Associations, the C.S.I.R. has been able to persuade successfully the
