

Need to sanction fly over in NH 544 at Koratty Signal Junction, Koratty, Kerala-laid

SHRI BENNY BEHANAN (CHALAKUDY): As per the demand from people's representatives, locals, traders, etc. I have already submitted representation before NHAI Chairman to sanction Flyover in NH 544 at Koratty Signal junction experiencing heavy traffic congestion. Koratty is the place where situate famous Koratty St. Mary's Forane Church, Info Park, KINFRA, Koratty Railway station etc. However, NHAI has sanctioned Vehicular Under Pass with 20 meter width at Koratty instead of Fly over which is quiet insufficient considering the traffic density at Koratty signal junction. In St. Mary's Forane Church, 20 lakhs pilgrims visited the church. Besides, there are about 90 different companies in KINFRA, and hundreds of container trucks are reaching each day to KINFRA which create much traffic congestion at Koratty. Also there are two schools namely LFCHS Koratty and MAM HSS Koratty where there are about 4800 students are studying in these two schools. Hence VUP is very insufficient at Koratty signal junction and I request to sanction a flyover here considering the traffic density and people density at Koratty.
