

Regarding the issues and concerns of the Plantation labourers of Idukki Constituency

ADV. DEAN KURIAKOSE (IDUKKI): Sir, I would like to point out the issues and concerns related to the plantation labourers of my Constituency. I have raised this matter here many times. Many of the plantation labourers are in severe crisis. Their management is not able to run day-to-day affairs. Workers are not getting their gratuity. For the last ten years, they are not getting their gratuity benefit. That is not a benefit. That is the right of the plantation labourers but the management is not giving it properly. That is why, I urge upon the Government to issue at least Rs. 50 crore so that the gratuity benefit can be released to plantation labourers of my constituency.
