

Regarding need to upgrade the Mariyammanahalli-Shivamoga SH-25 into National Highway-laid

SHRI G M SIDDESHWAR (DAVANAGERE): I would like to draw the kind attention of the Hon?ble Minister of Road Transport and Highways towards the need for upgradation of Mariyammanahalli ? Shivamogga SH-25 into National Highway in Karnataka. Hosapet-Mangalore Road (SH-25) from Mariyammanahalli NH-50 (old NH-13) to Shivamogga NH-69 (Old NH-206) in Karnataka was in principally approved as National Highway in 2017. The entire stretch is divided in to two parts as NH-4 to Shivamogga via Honnai, Malebennur, Harihara-Harapanahalli (IP28) and Mariyammanahalli-Itagi- Harapanahalli-Harihara-Junction to NH-4 (IP32). Hosapete-Mangalore Road, SH-25 is an important Major Inter-State Highway Road which connects National Highway-50 (old NH-13) at Mariyammanahally, connecting NH 48 at Harihara and terminating at Shivamogga on NH-69 (Old NH 206), which passes through three major districts of Central Karnataka i.e., Vijayanagar, Davanagere and Shivamogga. Even after the lapse of more than six years, no action has been taken to develop the said highway, the upgradation of which would have improved the Socio-Economic development of the middle Karnataka. This is one of the most genuine demands of people of my Davanagere Parliamentary Constituency which requires immediate action. I urge upon the Union Government to consider the demand favourably and upgrade of Mariyammanahalli ? Shivamoga SH-25 into National Highway in Karnataka on top priority basis.
