

Regarding sanctioning of the B.R. Ambedkar English Medium Residential School Project in Dakshin Dinajpur-laid

DR. SUKANTA MAJUMDAR (BALURGHAT): In the 41-Dakshin Dinajpur Assembly Constituency reserved for SC in West Bengal, more than 58% of the population belongs to the SC/ST society. The majority of residents are from EWS and OBC category. As the people's Representative, I have closely understood and learned the problems of my people here and it has been discovered that upliftment of SC/ST people can only be done providing them with the best education. I have also discussed this issue with our District Magistrate, Dakshin Dinajpur and sent my recommendation for establishing Dr. B.R. Ambedkar English Medium Residential School here at Buruj Para Village on a 3 acres Government land where S.C./S.T. and other classes talented students (girls and boys) may be provided education. The Local MLA has also written to Hon'ble Minister of Social Justice requesting accord of approval for the Dr. B.R. Ambedkar English Medium Residential School but nothing could have been realized on ground so far. In view of such grim situation, I request the Government that for sake of our very own deserving local SC/ST people and their children, kindly approve and sanction the project of setting up of BR Ambedkar English Medium School at the earliest.
