

**GOVERNMENT OF INDIA  
MINISTRY OF HEALTH AND FAMILY WELFARE  
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA  
UNSTARRED QUESTION NO. 2230  
TO BE ANSWERED ON 15<sup>th</sup> DECEMBER 2023**

**CANCER CARE CENTRES**

**2230. MS. NUSSRAT JAHAN:**

Will the **Minister of HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) the number of District Non-Communicable Diseases (NCD) Clinics, State Cancer Institutes (SCI) and Tertiary Care Cancer Centres (TCCC) in the country under National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS), State/UT-wise;
- (b) the details of the facilities provided by the said institutions;
- (c) whether a TCCC has been established in the State of West Bengal;
- (d) if so, the details thereof and if not, the reasons therefor; and
- (e) whether the Government has any plan(s) to establish more SCIs in the State of West Bengal and if so, the details thereof?

**ANSWER  
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY  
WELFARE  
(PROF. SATYA PAL SINGH BAGHEL)**

(a) to (e); The Department of Health & Family Welfare, Government of India, however, provides technical and financial support to the States/UTs under the National Programme for Prevention and Control of Non Communicable Diseases {(NP-NCD), an erstwhile National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular diseases and Stroke (NPCDCS)} as part of National Health Mission (NHM), based on the proposals received from the States/UTs and subject to the resource envelope. The programme focusses on strengthening infrastructure, human resource development, health promotion & awareness generation for prevention, early diagnosis, management and referral to an appropriate level of healthcare facility for treatment of the Non-Communicable Diseases (NCDs). Under NP-NCD, 753 District NCD Clinics have been set up. The details of District NCD Clinics States/UTs wise is at Annexure -I

The Central Government Implements Strengthening of Tertiary Care Cancer Facilities Scheme under NP-NCD programme. 19 State Cancer Institutes (SCIs) and 20 Tertiary Care Cancer Centres (TCCCs) have been approved so far including 3 TCCCs in West Bengal. The details of SCIs/TCCCs is at Annexure – II.

Further, the scheme has been extended upto 31<sup>st</sup> March 2024 for the completion of existing project with condition not to create further liability under the scheme.

To enhance the facilities at tertiary level, the Central Government implements strengthening of Tertiary Care for Cancer Centre (TCCC) scheme. The Hub and Spoke model stands for a network of hospitals on two levels. SCI/TCCCs are envisaged for cancer treatment as Hub and Spoke for providing cancer care, giving support to district hospitals and medical colleges. SCI serves as a nodal and apex institution to mentor other Government Institutes including TCCC. Similarly, the TCCC mentors the district and below level facilities in cancer care. SCI is a hub and TCCCs works as spokes. Facilities created under NHM – District NCD clinics, Day Care Centres – as a sub-spoke for diagnosis and treatment of cancer.

Diagnosis and treatment of NCDs including cancer is available at various levels in the health care delivery system including District Hospitals, Medical Colleges, Central Institute like AIIMS, Central Government Hospitals and private sector hospitals. The treatment in Government Hospitals is either free or highly subsidized for the poor and needy.
