- (b) the details regarding the number of the Vascular Surgeons in the country;
- (c) whether all the Dialysis Centres of PMNDP are being operated under Vascular Surgeons in the country;
- (d) if so, the details thereof along with the arrangement made for Arteriovenous Fistula (AV); and
- (e) if not, the reasons therefor?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY
WELFARE
(PROF. SATYA PAL SINGH BAGHEL)**

(a) to (e): Pradhan Mantri National Dialysis Programme (PMNDP) for Chronic Kidney Disease(CKD) patients ensures availability of dialysis services in all the district hospitals in the country free of cost to all Below Poverty Line (BPL) beneficiaries. PMNDP is operational in both Public-Private Partnership (PPP) mode and in-house mode. The National Health Mission (NHM) supports States/UTs in the implementation of Pradhan Mantri National Dialysis Programme (PMNDP) through the annual Programme Implementation Plans (PIP). PMNDP has been implemented in total 36 States/UT at 1442 dialysis centers. In Maharashtra, PMNDP has been implemented in all 36 districts at 58 dialysis centres.

One-time support for native Arteriovenous (AV) fistula (without prosthesis) making charges of Rs. 6000 has been included under PMNDP for the BPL patients not covered under Pradhan Mantri Jan Arogya Yojana (PMJAY) scheme.

The details regarding the number of the Vascular Surgeons in the country is not maintained centrally.
