

Regarding extension of roads

SHRI DHANUSH M. KUMAR (TENKASI): Hon Chairman Sir, Vanakkam, Construction of four lane work in my constituency, announced by the Union Government 4 years ago, is yet to be started. Moreover, the compensation to be given to the farmers affected by the road expansion work is very less. for acquiring land from them for construction of this four-lane highway. Thousands of persons from our district work in Gulf countries. They have been using Thiruvananthapuram airport for this purpose. This four-lane road was earlier announced up to Shengottai. I urge that this four-lane road should be extended up to Thiruvananthapuram. I request the Union Government through you that the affected farmers should be given more compensation and that too very soon. This is my demand. Thank you.
