

Regarding elevated road corridor project from Chennai to Thara in Tamil Nadu

DR. K. JAYAKUMAR (TIRUVALLUR): Sir, I rise to request the hon. Minister of Road Transport and Highways for a road project in Tamil Nadu. The project is of an elevated corridor road from Chennai to Thara.

The estimated cost of this project is about Rs.1,900 crore. Each and every formality is completed. This project is pending owing to only thing. That is, the Central Government is asking the State Government not to levy State GST whereas the Central Government is levying Central GST. It is totally unfair. It is not right. If the tax is not to be levied, then both the taxes should not be levied. The Central Government should not ask the State Government not to levy the State GST.

The Central Government should not say that the State Government should not review when it is getting the taxes.

I, therefore, request that this project should be implemented.

Thank you.
