

### **Regarding setting up of AIIMS**

**SHRI SAUMITRA KHAN (BISHNUPUR):** Thank you, Sir. After bowing before Ma Sarada of Jairambati, I am able to finish all my tasks today. I will not take much of your time, I just want to inform you that the central government has 500 acres of land in Bishnupur. If the central government decides to establish an AIIMS in that area, thousands of people will get its benefits - because within the radius of one hundred kilometres, no central facility is there for healthcare. I am fortunate enough to serve the people as I wished - whether it is Bishnupur-Jairambati rail track till Mosadgram or something else. All I want now is an AIIMS at Bishnupur for the people of the region.
