

**Regarding development of various tourist sites in Ramanathapuram
Parliamentary Constituency-laid**

SHRI NAVASKANI K. (RAMANATHAPURAM): Rameswaram Ramanathan Swami Temple is located in my constituency. Thousands of devotees from all over the country visit there every day. Similarly, Dhanushkodi, which is a historical landmark, is already visited by all who visit Rameswaram and if developed further Dhanushkodi itself might become a separate tourist attraction spot especially from overseas countries and without saying it will pave way for the revenue through tourists. There are also areas of outstanding coastal beauty covered in coastlines which are still lying unnoticed and underdeveloped and if the Ministry focuses on the same the entire stretch will stay unique due to its nature's beauty. I table below recommendation on basic amenities like modern parking facilities and improved basic facilities, marine sports activities etc. can be established to attract the interested tourists. Similarly, the beaches in areas such as Atiyaman Irumeni Emmanam Kondan and Prappanavalai Riverside under my constituency are beautiful beaches without rocks which is a nature's gift on the northern coast. But quite unfortunately, these areas are still underdeveloped and unnoticed by the tourism industry resulting in lack of development. Therefore, I request special attention to these locations and allocate special funds for the development of various tourist sites.
