

## **Regarding development of infrastructure facilities at Kannur International Airport**

**SHRI K. SUDHAKARAN (KANNUR):** Madam, I rise today to draw the attention of the Government to a critical issue concerning Kannur International Airport, a vital infrastructure asset situated within the municipal town and city limits of Kannur Corporation. The airport serves a significant catchment area encompassing the North Malabar region, including Coorg, Mysore, and Mangalore, and is home to 30 per cent of non-resident Keralites.

During the COVID-19 pandemic, Kannur airport demonstrated remarkable capability by successfully operating wide-body aircraft of both Indian and foreign carriers. This is an achievement that sets Kannur apart, particularly when we consider the limitations faced by other regional airports such as Calicut, which lack the necessary runway length to accommodate such aircraft. I would request the Government to kindly consider the legitimate demand of Kerala.
