

Regarding issues related to Railways like completion of railway line in Rajampatnam and grant of railway passes for Journalists

SHRI APPALANAIDU KALISSETTI (VIZIANAGARAM): I thank our hon. Chief Minister Nara Chandrababu Naidu and our leader Nara Lokesh for giving me this opportunity to speak in the Parliament which is the centre of our democracy. For 25 years there was a proposal to construct a railway line in Rajampatnam in Vizianagaram Parliamentary Constituency. I request the Railway Minister to kindly complete this railway line at the earliest. This will be useful for passengers from both Odisha and Andhra Pradesh. This will also help Girijans from both these States. I request the Union Government to construct this railway line at the earliest. We have written letters appraising about the issues related to Railways in our constituency. We request the Railway Ministry to kindly look into those issues. I also request the Ministry to grant railway passes for journalists. Thank you.
