

Regarding need to increase the limit of MPLADS fund from five crore rupees to fifteen crore rupees-Laid

SHRI VARUN CHAUDHRY (AMBALA): The MPLADS Fund limit of Rs. five crore was last revised in the year 2011-2012. It is a high time to revise the MPLADS fund limit as the construction costs have increased. A reference may be taken from the CPWD Rates of 2011 & 2024. Goods and Services tax is also levied on the materials for construction works. The present amount is too meager to fulfill the expectations of the people. Therefore, I request to the Minister for Statistics and Programme Implementation to increase the limit of Rs. five crore to Rs. fifteen crore.
