

Regarding shifting of EPFO office to Jangipur-Laid

SHRI KHALILUR RAHAMAN (JANGIPUR): Murshidabad is a rural area and the people here are mostly bidi labourers, in which Jangipur has the maximum density of seven lakhs. Most of the bidi factories are situated at Jangipur Sub-Division. As Jagipur is the home to most the labours, Employees Provident Fund Organisation (EPFO) office was opened at Jangipur. Unfortunately, all of sudden EPFO office was shifted to Berhampore where the number of labours is very low. Since Bidi labours are not conversant with digital technology and are unable to carry out work related to EPFO Office with ease. They have to travel around 150 km (UP-DOWN) to Berhampore to get their job done which involves time and money as well.
