

**GOVERNMENT OF INDIA
STATISTICS AND PROGRAMME IMPLEMENTATION
LOK SABHA**

UNSTARRED QUESTION NO:4501
ANSWERED ON:22.08.2001
DELAYED PROJECTS
RAMSHETH THAKUR

Will the Minister of STATISTICS AND PROGRAMME IMPLEMENTATION be pleased to state:

- (a) whether the 257 projects costing over 20 crores are lagging behind their original time schedule;
- (b) if so, the cost over-run at current price level, project- wise;
- (c) whether these projects have been cleared by the Planning Commission before implementation;
- (d) if so, the reasons for scarcity of funds; and
- (e) the steps taken by the Government to allocate required funds to these projects?

Answer

MINISTER OF STATE (INDEPENDENT CHARGE) OF THE DEPARTMENT OF DISINVESTMENT, MINISTER OF STATE IN THE MINISTRIES OF PLANNING, STATISTICS AND PROGRAMME IMPLEMENTATION AND MINISTER OF STATE IN THE DEPARTMENT OF ADMINISTRATIVE REFORMS AND PUBLIC GRIEVANCES (SHRI ARUN SHOURIE)

(a) As on 1.7.2001, out of 461 central sector projects, each costing Rs. 20 crores and above, under implementation, 174 projects have suffered time overrun with respect to their original approved schedule.

(b) The cost overrun at the current price level, project-wise, is given in the Annexure.

(c) Yes, Sir.

(d) The major reason for fund constraints in a few sectors, particularly Railways sector, is that limited allocation available for the sector is thinly spread over a large number of projects to meet the infrastructural demands/needs of different regions of the country.

(e) The steps taken include prioritisation of projects, provision of funds to those projects which are in advanced stages of implementation and to those strategically important. The Government of India is implementing the Accelerated Irrigation Benefit Programme since 1996-97 for accelerating the implementation of the on-going irrigation projects on which substantial progress has been made and which are beyond the resource capability of the State Government and on other major and medium irrigation projects which are in advanced stages of construction and could yield irrigation benefits in the next four agricultural seasons.

ENCLOSURE TO LOK SABHA UNSTARRED QUESTION NO.4501 DUE FOR 22-08-2001
