**Answer**

MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI DIGVIJAY SINGH)

(a): In order to provide upgraded passenger amenities at stations, 209 stations have so far been selected as model stations, the details of which state-wise/railway-wise are given in the Appendix I and II. As regards the funds earmarked/released and expenditure incurred, there is no specific allocation of funds for each model station as the facilities specified are improvement in customer interface systems. The railways are authorised to spend money for the purpose of providing upgraded passenger amenities out of the lumpsum allocation of funds made under the Plan Head "Passenger and other Railway Users Amenities" and "Computerisation".

(b) & (c): One of the thrust area identified for provision of upgraded passenger amenities at model stations is to extend the existing foot over bridge upto the circulating area taking into account the local requirement at each selected stations so as to cut available movement over an additional platform.
