- (b) whether any complaint has been received about the constraints felt due to inadequate bandwidth;
- (c) if so, the details thereof alongwith the action taken in this regard; and
- (d) the steps taken to keep pace with the contemporary development in the field of data communication?

Answer

MINISTER OF PARLIAMENTARYAFFAIRS, INFORMATION TECHNOLOGYAND COMMUNICATIONS(SHRI PRAMOD MA

(a),(b) and (c): Presently, Software Technology Parks of India (STPI) is providing 137.69 Mbps bandwidth from their Centres spread all over the country. The bandwidth available at the STPI centres, state-wise, is given in the Annexure. This bandwidth is sufficient to meet the existing requirements of the software industry.

(d): STPI is keeping pace with contemporary developments in the field of data communication to provide the necessary bandwidth in future.
