The High court of Delhi vide its order dated 10.4.91 had set aside the priority list of 400 group housing societies forwarded by the Registrar's offices to DDA in August, 90. Prices of Essential Commodities

3234. SHRI BHOGENDRA JHA: Will the PRIME MINISTER be pleased to state:

(a) the retail prices of various essential commodities in each month for the year 1989 and that of 1990 month-wise and the steps being taken to bring them to the level of the year 1989; and

(b) the steps taken to ensure the sale of these essential commodities and agricultural produce at prescribed cheap rates at Fair Price Shops?

THE MINISTER OF STATE IN THE MINISTRY OF CIVIL SUPPLIES AND PUBLIC DISTRIBUTION (SHRI KAMALUDDIN AHMED): (a) and (b). The statement showing the prices of various essential commodities in each month for the year 1989 and 1990 are given in the Annexure. The Government is making all out efforts to contain the price rise during the current year. However, with the increase in the gross domestic products in the economy during the year 1989 and 1990 some price rise is inevitable. Some of the steps taken by the Government to bring down the rate of inflation include a substantial reduction in fiscal deficit, check on expansion of money supply to curb effective demand, more effective management of supply and demand of essential sensitive commodities, streamlining of the Public Distribution System, providing incentives for higher production and savings and strict action against hoarders and profiteers.

Keeping in view the lean season for Kharif cereals, the Government decided to increase the PDS allocations to States/UTs for the months of August to October, 1991. As a further measures to check the rise in open market prices, the government permitted FCI to sell, in the open market, 3 lakh tonnes each of Rice and Wheat in October, 1991. A further quantity of 3 lakh tonnes of wheat has been permitted to be sold in December, 1991. The Public Distribution system (PDS) has been envisaged as a supplementary fort which helps protect the

purchasing power of weaker sections of the population. The Public Distribution System is being strengthened to cover nearly 1700 blocks located in deserts, hills, slums etc. to

ensure door step delivery of essential commodities and effective reach to the PDS retail outlets.
