Answer

MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI HUKUMDEO NARAYAN YADAV)

(a): The figures of per hectare production in respect of various crops in Karnataka for 2002- 03 are given below. As the figures for 2002-03 reflect the impact of severe drought that affected several parts of the country including Karnataka during 2002, normal production figures in respect of Karnataka (average for the 3 years 1999-2000, 2000-01 and 2001-02) are also given below:

Yield (in Kg/hectare)

Crop 2002-03# Normal

Rice	2034	2467
Total Oilseeds	439	674
Cotton	194	223
Bajra	475	638
Total Pulses	300	437

Fourth Advance estimates released on 1st July 2003.
