

**GOVERNMENT OF INDIA  
HEALTH AND FAMILY WELFARE  
LOK SABHA**

UNSTARRED QUESTION NO:1196  
ANSWERED ON:08.12.2004  
TREATMENT OF AIDS PATIENT  
Gangwar Shri Santosh Kumar;Rijiju Shri Kiren

**Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:**

- (a) the separate numbers of HIV positive men and women in the country as on July 31, 2004 , State-wise ;
- (b) the names of hospitals in the Country in which facilities for treatment of AIDS patients are available;
- (c) the names of schemes formulated by the Government to prevent AIDS along with the details of expenditure being incurred on the same every year; and
- (d) the details of success achieved by these schemes?

**Answer**

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH & FAMILY WELFARE ( SMT. PANABAKA LAKSHMI)

(a) A statement indicating estimated number of HIV positive men and women in the country, statewide, based on HIV estimates 2003, is enclosed at Annexure -I.

(b) Under the Care and Support component of the National AIDS Control Programme, National AIDS Control Organization is providing financial support to all States and Union Territories for providing drugs for treatment of opportunistic infections in all district hospitals and medical college hospitals in the country. Government of India has introduced Anti-retroviral Therapy to AIDS cases through identified 8 centres since 1st April, 2004. The list of 8 centres along with the additional centers identified to provide anti-retroviral therapy in a phased manner is enclosed at Annexure -II.

(c) In order to prevent and control the spread of HIV/AIDS in India, Govt. of India has launched a comprehensive National AIDS Control Programme, currently under implementation throughout the country as a centrally sponsored scheme under following components: -

- Preventive interventions for high-risk populations through targeted interventions adopting a multi-pronged strategy including peer counseling and behaviour change communication.
- Preventive interventions for the general population through programmes for blood safety, voluntary counseling and testing services, Prevention of Parent to Child Transmission (PPTCT), Information Education and Communication (IEC) & awareness building among adolescents and sensitization for the AIDS Vaccine Initiative.
- Provision of low cost care and support services by providing community care services, treatment of opportunistic infections and prevention of occupational exposure.
- Collaborative efforts to promote inter-sectoral programme activities including workplace interventions and public-private partnerships.
- Build technical and managerial capacities for programme implementation through Surveillance, Training, Monitoring and Evaluation, Technical resource groups, operational research and Programme management.

A statement indicating details of expenditure being incurred is enclosed at Annexure -IV.

(d) A statement indicating major achievements is enclosed at Annexure-III.

**ANNEXURE-I**
