- (a) whether LPG services through pipeline for domestic use has been started in some cities ;
- (b) the names of the cities where such facility is available at present ;
- (c) the cities selected for introducing the facility in the near future ; and
- (d) the rates being charged for supplying LPG through pipelines ?

Answer

MINISTER OF PETROLEUM & NATURAL GAS & PANCHAYATI RAJ (SHRI MANI SHANKAR AIYAR)

(a) to (c) : Public Sector Oil Marketing Companies (OMCs) have introduced LPG reticulated system to supply LPG through pipelines to domestic customers in housing complexes in 27 cities (as per Table-I of Annex). The system is proposed to be introduced in 7 other cities (as per Table-II of Annex) depending upon the customers' willingness to adopt the system and commercial consideration of the OMCs.

(d) : The rates charged by OMCs for supplying LPG through pipelines is as per the same flat rate of subsidy as is applicable to domestic LPG customers through cylinders.
