Out of these, 22 mills are to be modernized by the NTC, and remaining 30 mills to be modernized under Joint Ventures. In the 1st phase, modernization of 15 mills has been contemplated. The resources for modernization are to be largely generated through sale of surplus assets. Steps have been taken to modernize 22 mills at a cost of Rs 530 crores. For modernization of remaining 30 mills under the Joint Venture, expression of interest from reputed textiles industries who could participate in the process of modernization of these mills under joint ventures have been invited.
