Answer

MINISTER OF THE STATE IN THE MINISTRY OF RURAL DEVELOPMENT (MS. AGATHA SANGMA)

(a) to (c) The Government of India administers the Total Sanitation Campaign (TSC), a comprehensive programme to ensure sanitation facilities in rural areas with the main goal of eradicating the practice of open defecation and ensuring clean environment. The main components are incentive for Individual household latrines (IHHL), School Sanitation and Hygiene Education (SSHE), assistance for Community Sanitary Complex, Anganwadi toilets and Solid and Liquid Waste Management. The incentive /assistance pattern for toilets in individual houses and other places to bring about an improvement in the general quality of life in the rural areas, is as follows:

S.No.	component	Central share	State share (minimum)
-------	-----------	---------------	-----------------------

1.	IHHL for hilly and difficult areas)	Rs.1,500 (Rs.2,000	Rs.700
----	-------------------------------------	--------------------	--------

2.	School Toilet Unit	Rs.14,000	Rs.6,000
----	--------------------	-----------	----------

3.	Anganwadi Toilet	Rs 3,500	Rs.1,500
----	------------------	----------	----------

4.	Community Sanitary Complex	Rs.1,20,000	Rs. 60,000
----	----------------------------	-------------	------------

(d) Total Sanitation Campaign is a demand driven project based programme taking district as a unit. There are 593 district projects in the country. The district project includes all Gram Panchayats in the district requiring sanitation facilities as per the TSC guidelines. No

new proposal under TSC from any other district is pending for approval with the Government of India.

(e) TSC being a demand driven programme, there are no annual allocations of funds and targets made to the States/Districts. However, State-wise release and the utilization of funds during the last three years and the current year is given in Annexure-I. The physical progress reported under TSC by the States through online monitoring system of the Department of Drinking Water Supply during the same period is given in Annexure-II.

(f) Does not arise.
