

**GOVERNMENT OF INDIA
DEFENCE
LOK SABHA**

UNSTARRED QUESTION NO:6126
ANSWERED ON:03.05.2010
DEVELOPMENT OF UNDETECTABLE TECHNOLOGY
Lagadapati Shri Rajagopal

Will the Minister of DEFENCE be pleased to state:

- (a) whether an aerospace scientist has developed a technology that can make fighter jets and missiles invisible to the most advance radars;
- (b) if so, the details thereof;
- (c) whether the Government proposes to take over the technology for exclusive use of defence purposes;and
- (d) if so, the details thereof?

Answer

MINISTER OF THE STATE IN THE MINISTRY OF DEFENCE (SHRI A.K. ANTONY)

(a) to (d): Technology, which makes the fighter jets and missiles undetectable by radars, is presently not available. However, Defence Research and Development Organisation (DRDO) laboratories have developed some special paints which decreases the radar cross-section signatures. This technology has already been put into use.
