Answer

MINISTER OF STATE IN THE MINISTRY OF HUMAN RESOURCE DEVELOPMENT (Dr. D. PURANDESWARI)

(a) to (g): The centrally sponsored scheme to set up 6000 model schools at block level was launched in November 2008. Out of these, 3,500 schools are to be set up in educationally backward blocks (EBBs) in Kendriya Vidyalaya (KV) template through State/UT Governments and the remaining 2,500 schools are to be set up under Public-Private Partnership (PPP) mode in blocks which are not educationally backward. Presently, only the component for setting up of 3,500 model schools under State/UT Governments is operational.

Since the inception of the scheme, proposals have been received from 24 States/UTs to set up model schools in 2058 blocks, and approval has been given for 1826 blocks in 20 States. Financial sanctions have been accorded for setting up 1107 model schools in 17 States. State-wise details are at Annexure-I. 140 schools have become functional during 2010-11 in the States of Chhattisgarh, Gujarat, Karnataka, Punjab and Tamil Nadu. Details are at Annexure-II.

The non-recurring cost of setting up a model school in KV template with classes VI to XII and classes IX to XII (with two sections in each class) will not normally exceed Rs.3.02 crore and Rs.2.55 crore respectively. The estimated recurring cost per school is Rs.0.75 crore per annum. During the 11th Five Year Plan, the sharing pattern of the cost between the Centre and the States is 75:25. However, for special category States and for upgraded Ashram Schools the sharing pattern is 90:10.

The modalities for setting up of model schools under PPP mode are being finalized.
