- (b) if so, the details thereof; and
- (c) the extent to which the said mission is likely to address the issues of climate change/global warming?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRI BHARATSINH SOLANKI)

(a) & (b) : Yes, Madam. The National Action Plan on Climate Change, released by the Prime Minister on 30.06.2008 outlines eight National Missions. The National Mission for Enhanced Energy Efficiency is one of them. It consists of following new initiatives:

A market mechanism to enhance cost effectiveness of improvements in energy efficiency in energy intensive large industries and facilities, through certification of energy savings that could be traded.

Accelerating the shift to energy efficient appliances in designated sectors through innovative measures to make the products more affordable.

Creation of mechanisms that would help finance demand side management programmes in all sectors by capturing future energy savings.

Developing fiscal instruments to promote energy efficiency framework for Energy Efficient Economic Development.

(c) : The National Mission for Enhanced Energy Efficiency aims at a reduction of 26.21 metric tonne of Greenhouse Gas emissions every year.
