**Answer**

MINISTER OF STATE (INDEPENDENT CHARGE) IN THE MINISTRY OF STATISTICS AND PROGRAMME IMPLEMENTATION  
AND MINISTER OF STATE IN THE MINISTRY OF CHEMICALS & FERTILIZERS (SHRI SRIKANT KUMAR JENA)

(a) to (b): The demand and availability of Urea, DAP, MOP and NPK in Haryana during the last three years i.e. 2009-10 to 2011-12 and estimated availability during current year 2012-13 (April'12 to August'12) are as under:

(Figures in LMT)

Year	Urea Demand	Urea Availa-bility	DAP Demand	DAP Availa-bility	MOP Demand	MOP Availa-bility	NPK Demand	NPK Availa-bility
------	-------------	--------------------	------------	-------------------	------------	-------------------	------------	-------------------

2009-10	19.65	18.05	7.00	6.66	0.52	0.90	0.45	0.48
2010-11	19.65	18.75	7.20	7.40	0.70	0.66	0.55	0.69
2011-12	19.75	19.45	7.20	8.45	0.75	0.48	0.85	0.79
2012-13	7.75	7.69	2.25	#3.66	0.30	0.13	0.35	0.13

# with stock pre-positioned

As can be seen from the above table, the availability of fertilizers during the current year 2012-13 (April'12 to August'12) was comfortable. The short supplies of complex fertilizers (NPK) has been adequately compensated with additional supplies of DAP.
