- (b) if so, the details thereof;
- (c) whether the Government proposes to replace old and outdated radar system; and
- (d) if so, the details thereof and if not, the reasons therefor?

**Answer**

MINISTER OF DEFENCE (SHRI A.K. ANTONY)

(a) to (d): Induction of Radars is a continuous process. The replacement of all legacy radars which are completing their useful life and the ones with degraded performance is undertaken in a phased manner. This includes Surveillance Radars, Precision Approach Radars, Medium Power Radars, Aerostats, Mountain Radars, Low Level Transportable Radars and Low Level Light Weight Radars.
