Answer

MINISTER OF NEW AND RENEWABLE ENERGY (DR. FAROOQ ABDULLAH)

(a): Yes, Madam.

Under the Remote Village Electrification (RVE) Programme, which was approved up to 31st March 2012, proposals were received from the State identified implementing agencies including Madhya Pradesh for financial support for creation of facilities for lighting/basic electricity through renewable energy sources in those remote unelectrified census villages and unelectrified hamlets of electrified census villages where grid extension was not found feasible by the State Governments and hence were not covered under the Rajiv Gandhi Gramin Vidyutikaran Yojna. Such proposals were sanctioned once they were complete in all respects and were in conformity with the provisions of the RVE programme. Support had been provided for coverage of 623 remote villages in Madhya Pradesh under the programme

(b): Under the Programme, Central Financial Assistance of up to 90% of the costs of systems, subject to pre specified maximum amount for each technology, was provided for approved projects to the states. State-wise details of funds released to various states under the programme during the last three years and current year are given in Table-I. The programme was approved up to 31st March 2012.
