

**GOVERNMENT OF INDIA  
DEFENCE  
LOK SABHA**

UNSTARRED QUESTION NO:2120  
ANSWERED ON:11.03.2013  
ANTI COLLISION DEVICE FOR VVIP AIRCRAFT  
De Dr. Ratna

**Will the Minister of DEFENCE be pleased to state:**

- (a) whether the Government proposes to equip the VVIP aircraft with anti-collision technology;
- (b) if so, the details thereof;
- (c) if not, the reasons therefor;
- (d) whether the Government proposes to extend this to other aircraft too in future; and
- (e) if so, the details thereof?

**Answer**

MINISTER OF DEFENCE (SHRI A.K. ANTONY)

(a) to (c): The Indian Air Force (IAF) presently operates Embraer Executive Jets and Boeing Business Jets for VIP / VVIP duties. All these aircraft are equipped with Traffic Alert Collision Avoidance Systems and Ground Proximity Warning Systems as anti-collision features.

(d) & (e): IAF has decided that all aircraft to be procured by them in future will have anti-collision technologies incorporated in them. The type of equipment will depend on the role and operational employability of the aircraft.
