

whereas the distance between these two places *via* Tetulia Corridor in Bangladesh is only 27 KM. If this Corridor is opened, then not only the mileage will be decreased, but also huge foreign exchange will be saved by unexpected less consumption of fuel. The entire North-Eastern Zone will be directly benefited if this corridor is opened. This is, no doubt, a national interest serving project. I, therefore, urge upon the Government to take immediate necessary initiative so that the above Corridor to connect Dinajpur with Jalpaiguri may be opened at an early date.

(vii) Need for Construction of Overbridges on Railway Crossings at Erode and Mohudan, Tamil Nadu

DR. K.P. RAMALINGAM (Tiruchengode) : There are a number of railway subway crossings where railway overbridges are to be constructed in Southern Railways, particularly at Erode which has a population of about four to Five lakh in capital town of Periyar district. There is one railway crossing on which as a result of heavy traffic, accidents are taking place. It is on Erode-Palani Road. This affects office goers and long distance travellers also. Likewise at Mohudan-Zovadi, there is a railway crossing at Idepaddy Road where a railway overbridge is urgently required.

I, therefore, request the Minister of Railways to sanction two overbridges, one at Erode and another at Mohudan-Zavadi road, to fulfill the needs and solve the problem of the people of Tiruchangode Constituency, Tamil Nadu and a new railway division may be started in Erode also.
