(a) and (b) No such proposal has been received from Government of Jharkhand. However, the Government of India administers the Nirmal Bharat Abhiyan (NBA), a comprehensive programme to ensure sanitation facilities in rural areas with the main goal of eradicating the practice of open defecation and ensuring clean environment. NBA is operated in a project mode taking district as a unit.

The NBA projects cover rural areas of 607 districts of the country including 24 districts of Jharkhand. The objective of NBA is to achieve sustainable behavior change with provision of sanitary facilities in entire communities in a phased, saturation mode with `Nirmal Grams` as outcomes.

The goal of NBA is to achieve 100% access to sanitation for all rural households by 2022. The main components under the programme are incentives for Individual Household Latrines (IHHL), assistance for Community Sanitary Complex, assistance for toilets in School and Anganwadi and Solid and Liquid Waste Management (SLWM).
