Answer

Minister of State in the Ministry of CIVIL AVIATION (Dr Mahesh Sharma)

(a) & (b): Upgradation/ development of airports including provision of Night Landing Facility is a continuous process and is taken up by the Airports Authority of India (AAI) depending upon commercial viability, traffic demand etc. Provision of night landing facilities at airports also depends on the operational requirements at the concerned airport, demand from airlines, technical feasibility, etc. Presently, AAI has taken up the work for installation of night landing equipments at Kishangarh Airport.
