- (f) if so, the details thereof and if not, the reasons therefor?

Answer

MINISTER OF STATE (INDEPENDENT CHARGE) FOR ENVIRONMENT, FOREST & CLIMATE CHANGE (SHRI PRAKASH JAVADEKAR)

(a) to (f) As per the reports available, some State Governments are regulating developmental activities along the river banks in the country. However, there is no legal instrument at national level in this regard.

Regulation of rivers through identifying River Regulation Zones, has the primary objective to conserve flood plains and to impose regulations on different activities on the river banks. Land and water, both being the State subjects, it is primarily for the respective States/Union Territories to take proactive steps for regulation of rivers within their jurisdiction.
