

**GOVERNMENT OF INDIA  
COMMUNICATIONS AND INFORMATION TECHNOLOGY  
LOK SABHA**

UNSTARRED QUESTION NO:5929  
ANSWERED ON:29.04.2015  
EXPANSION OF ELECTRONIC REPAIR HUB  
Lekhi Smt. Meenakashi

**Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:**

- (a) whether the Government has proposed to expand the electronic repairing Industry in India?
- (b) if so, the current assessed size of this market in the country and implementation strategies to be used for expansion of the market;
- (c) whether a study will be undertaken to understand the potential of this market and requirements thereof ; and
- (d) if so, the details?

**Answer**

MINISTER FOR COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI RAVI SHANKAR PRASAD)

(a) and (b): The Government has taken initiative to explore the possibilities of making India a Repair Hub for Electronics and Electronic related items and held consultations with all stakeholders. This market apparently has lot of potential as the global electronic repair & refurbishing industry is estimated to be US\$21 Billion and India's advantages in this market are abundant skilled manpower, language and trust.

(c) and (d): No, Sir. There is no proposal for undertaking any study in this regard, at this point of time.
