- (e) if so, the time by which decision is likely to be taken on these proposals and the details of Skill Development Programmes likely to be conducted during the next five years along with the funds provided by the Government for the said programmes; and
- (f) the present status of the Skill Development Training Programme?

Answer

(a) to (f) Government has approved National Policy for Skill Development and Entrepreneurship, 2015 which provides for aligning of skilling efforts with the requirements of 25 key identified sectors of 'Make in India'. The Policy aims at preparing a highly skilled workforce which is completely aligned to the requirements of industries covered under 'Make in India' programme so as to promote growth through improved productivity. Pre-assessment of skill requirements for all manufacturing activities at the proposal stage has been provided for in the policy in order to ensure an industry ready workforce once the manufacturing facilities have been setup.

There are over 70 skill development schemes across various sectors implemented by over 20 Central Ministries/Departments to develop skilled manpower across the country including the State of Rajasthan.
