Answer

MINISTER OF STATE (I/C) IN THE MINISTRY OF COAL, POWER AND NEW & RENEWABLE ENERGY

(SHRI PIYUSH GOYAL)

(a) to (e) A statement is laid on the Table of the House.

STATEMENT REFERRED IN REPLY TO THE LOK SABHA STARRED QUESTION NO.244 FOR ANSWER ON 06.08.2015 REGARDING ILLEGAL SALE OF COAL ASKED BY DR. RAVINDRA BABU.

(a) As per available information theft/pilferage of coal, if any, is carried out stealthily and clandestinely. As such, it is not possible to specify the exact quantum of coal stolen and loss of revenue on account of theft/pilferage of coal. However, as per raids conducted by the security personnel as well as joint raids with the law and order authorities of the concerned State Governments, the quantity of coal recovered and its approximate value in respect of Coal India Limited (CIL) during the last three years and current year (till May, 2015), year-wise, subsidiary-wise and State-wise, is given as under :-

(b) to (e) Some complaints on black marketing/diversion of coal have been reported from North Eastern Coalfields, Eastern Coalfields Limited, Western Coalfields Limited, Central Coalfields Limited, etc. Complaints are investigated and appropriate action including lodging of FIRs, referring cases to Central Bureau of Investigation for further investigation, discontinuation of coal supply to the units/companies involved in such illegal activities, systematic measures for improvement of monitoring/verification of the units receiving coal under Fuel Supply Agreement (FSA) etc., are taken.

As per the New Coal Distribution Policy, CIL is required to verify status of erstwhile linked consumers to check the veracity of their claim of being bonafide consumers of coal and thereafter conclude FSA. In December, 2012, the Board of CIL has already prescribed modality for submission of certificate of end use by FSA holders duly signed by Chartered Accountants.

A project for introduction of global positioning system based tracking system of trucks carrying coal is under way to arrest diversion of coal. Close Circuit Televisions(CCTVs) are being installed at all vulnerable points like entry/exit gate, weigh bridges, sidings etc to keep a regular watch. Radio Frequency Identification(RFID) based boom barriers are being installed at many places to identify illegal trucks carrying coal. Weigh bridges are being connected in Coal Net to capture and monitor weight of the coal carrying vehicles.

Number of complaints regarding alleged involvement of security personnel and officers of various coal companies in connection with blackmarketing, hoarding, and irregularities in transportation of coal received during the last three years and the current year (upto May, 2015[provisional]), subsidiary-wise and year-wise are given as under:-
