MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE AND FOOD PROCESSING INDUSTRIES (DR. SANJEEV KUMAR BALYAN)

(a) to (c): Central Insecticides Board and Registration Committee (CIB&RC) has registered Tebuconazole 2% DS for use on wheat seed to control loose smut and flag smut and on groundnut seed to control collar rot, root rot and stem rot. Raxil is a trade name given by one company for Tebuconazole 2% DS.
